

AXON™

Nonionic Surfactant based Basic Blend Adjuvant

- Axon contains three key components that help to improve pesticide efficacy.
 1. Axon contains a nonionic surfactant that enhances spray coverage, retention and absorption.
 2. Axon contains ammonium ions that help to prevent salt antagonism of certain herbicides while also increasing uptake and translocation of the pesticide solution.
 3. Axon contains a pH buffer that raises the pH (or prevents it from being lowered).
 - Raising the pH enhances the solubility of many pesticides (especially sulfonylurea and imidazilone).
 - Improves the mix-ability and allows herbicides to be more active and more readily taken in by the plant.
- Typical use rate is 1 gallon/100 gallons of spray
 - Use rate can range from 2-4 qt/100 gallons depending on herbicide
 - See pesticide labels for more specific rates
- Package Sizes:
 - 2x2.5 gallon case
 - Repack
 - 275 gallon

Always Read All Pesticide and Adjuvant Labels Prior to Use

AXON™

Nonionic Surfactant based Basic Blend Adjuvant

Principal Functioning Agents:

Blend of nonionic surfactants, ammonium salts and buffering agents 100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN CAUTION

Avoid eye and skin contact. Avoid ingestion, breathing vapors or spray mist. Read and follow all label directions and cautions on all products used.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

GENERAL INFORMATION

AXON™ was designated specifically to enhance Accent®/Gold*, Basis®/Gold*, Beyond®, Everest®, GoldSky®, Maverick®, Olympus Flex™, Power Flex®, Pursuit®**, Rimfire™ Max, sulfonyl urea herbicides, as well as other herbicides, which suggest the addition of ammonium sulfate, or UAN solution and a nonionic surfactant. Do not use with Assert®***.

DIRECTIONS FOR USE

The addition of nitrogen based fertilizers (such as 28% N, or 10-34-0), or ammonium sulfate, are generally not required with **AXON™**. Follow herbicide label directions.

Use **AXON™** at 0.5 - 1% v/v (2 - 4 quarts per 100 gal spray mixture).

For water volumes below 5 gpa, use 1 - 2% v/v (1 - 2 gal per 100 gal spray mixture).

Add **AXON™** last to spray mixture and continue agitation, or follow specific tank filling and mixing information provided on the herbicide label. Refer to the herbicide label for additional recommendations or precautions.

Sugarbeet Micro Rates: Add **AXON™** first to clean water in spray tank when using with sugarbeet micro rates, and follow specific tank filling and mixing information provided on the herbicide labels.

HANDLING AND STORAGE

DO NOT STORE BELOW 0° F.

IF FROZEN, WARM CONTAINER AND SHAKE WELL BEFORE USING.

Everest® is a registered trademark of Arysta.

GoldSky® and PowerFlex® are registered trademarks of Dow Agrosciences.

Maverick® is a registered trademark of Monsanto.

Conditions of Sale and Warranty Limitation: The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of West Central Inc. or the seller. All such risks shall be assumed by the buyer. West Central Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. West Central Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall West Central Inc. or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. West Central Inc. and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of West Central Inc.
